

# Why pay now when you can pay later?

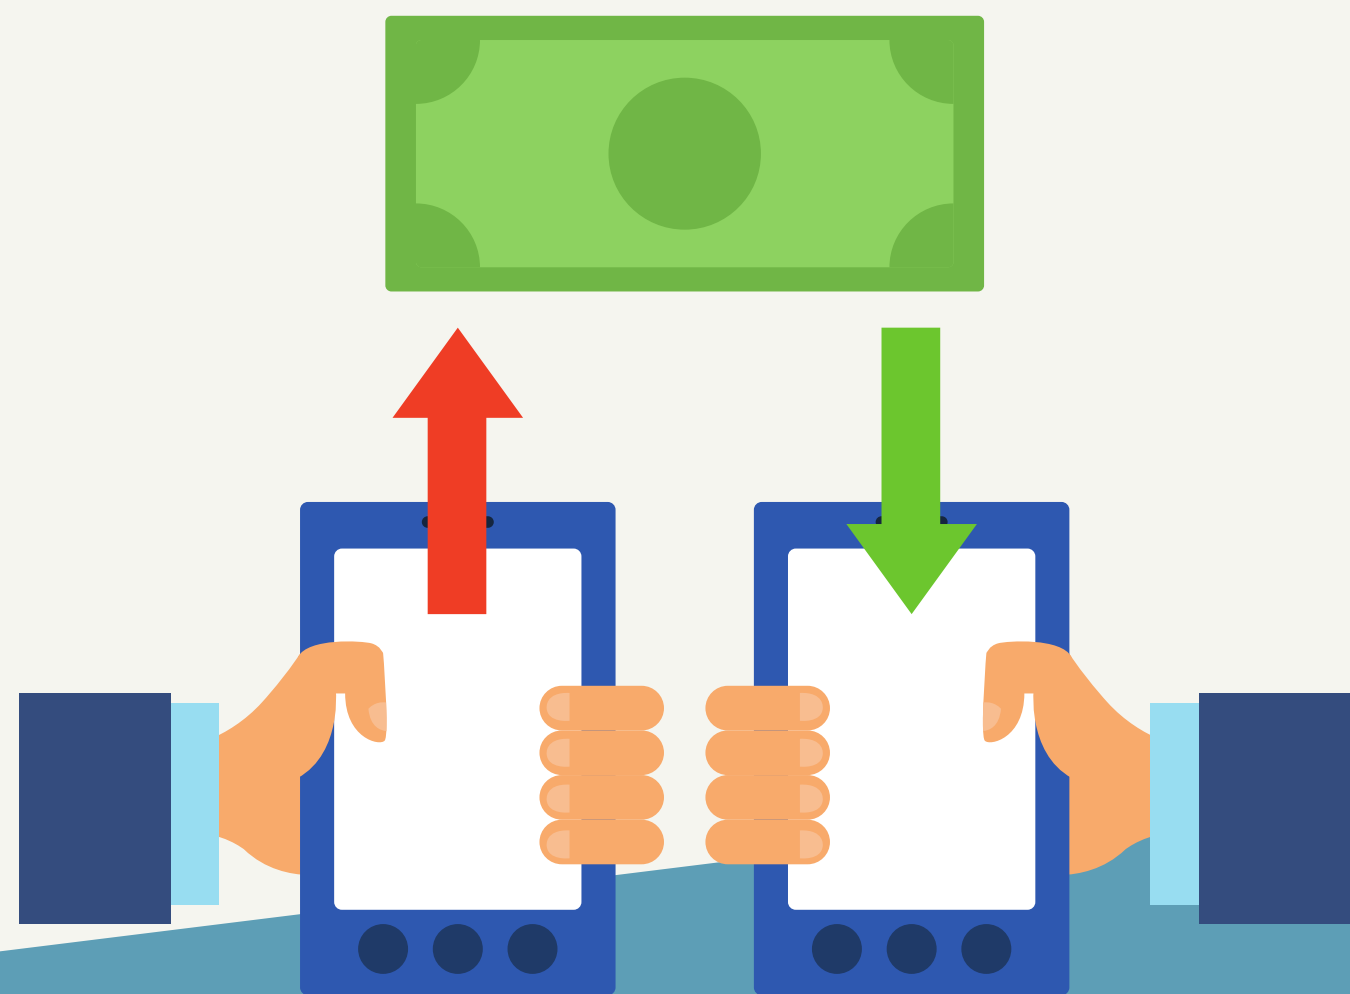

## What is Lulapay?

We've teamed up with Lulapay to offer you payment terms on our invoices. With Lulapay, you will have the opportunity to pay over a period of up to 90 days, with the first 30 days completely cost-free.

## How Does it Work?

1. You will receive an email from Lulapay with a **"Pay Now" Link**.
2. Simply **click** on the "Pay Now" link and **complete your business's application**.
3. **If approved**, Lulapay will settle your invoice immediately, while you will receive a payment schedule with your first **30 days free**.

## FAQs

1. **What information do you need?** The 5-minute online application only requires your business's details, the farmer's / owner's details, and financial information for the business (3-month bank statements).
2. **Costs?** The first 30 days are completely free. Thereafter, 2% is charged for every 30 days following the free period. Therefore, if you repay the full invoice within 30 days, there is no extra cost involved. Only pay the 2% monthly charge if you haven't fully settled.
